Free-running hinge EVO EV 835E50 SOL

Material:	aluminium
Ausführung:	anodized 20 micron
Montage:	glass/glass, DIN right
Glasstärke:	8 - 19 / 21.52 mm
Verkaufseinheit (VE):	St
Packungseinheit (PE):	1.00
Tragkraft:	100 kg/pair

WITHOUT hydraulics, opening angle 180°, min. door width 800 mm, max. door width 1000 mm. Can be used in combination with hydraulic hinge EVO EV 835E50 or EV 835E51 if a smaller or lighter hydraulic door is required or if the design of EVO EV 835E50 or EV 835E51 is to be adopted, but not the hydraulic function. The hinge has a pre-tension, therefore a closing stop is required
